The Library is in the process of reconfiguring UWILINC sign-in so that it links to the new version of Aleph. During this process users **will not be able to:**

- Sign in to UWILINC
- Access the Library’s subscribed resources from “off campus”.
- Sign in to their account in Aleph

On campus access to the library’s subscribed resources via UWILINC or directly from the library databases will **not** be affected.

The Library regrets any inconvenience that may result and ask that you contact the Library if assistance is needed.
