# Journal of Education and Development in the Caribbean

A PUBLICATION OF THE DEPARTMENT OF EDUCATIONAL STUDIES  
THE UNIVERSITY OF THE WEST INDIES, MONA

**TWO ISSUES FORTHCOMING FOR 2008**

The *Journal of Education and Development in the Caribbean* (JEDIC) is a refereed journal which publishes original contributions on educational policies, processes, theory and practices relevant to the Caribbean. It targets an international audience of people active in education policy and practice as well as those who are participants in the development process in the Caribbean. These include education policy makers, the commercial and industrial world and scholars at all levels of the education system both formal and non-formal.

JEDIC normally publishes two issues per year, both constituting one volume. The forthcoming issues are redesigned to make them much more attractive and reader-friendly.
