ORIENTATION 2026

FACULTY MISSION STATEMENT

To contribute to the social and economic development of the Caribbean region and beyond by educating and graduating competent, productive and socially responsive engineers, and by undertaking relevant research to advance the field of engineering.

OUR PROGRAMMES

CIVIL ENGINEERING

ELECTRONICS ENGINEERING

ELECTRICAL POWER ENGINEERING

BIOMEDICAL ENGINEERING

PRELIMINARY ENGINEERING

The product of engineers are all around us; in transport, telecommunications, energy generation and transmission, the built environment and infrastructure, water supply, plastic fuels and much more. We will not only teach you how to create these products, but also prepare you for life after school. Choose to engage in further study and research in engineering or opt for a wide range of career opportunities in industry, commerce and the public sector.
