

About the Ophthalmological Society of Jamaica

The Ophthalmological Society of Jamaica's constitution was passed on May 12, 1985, at the UHWI Eye Clinic. The founding fathers of the specialty in Jamaica were Dr Leighton Clarke, Dr Lyndon Evelyn, Dr D Degazon and Dr HA Bramwell. The founding President was Dr Hugh Vaughan. The OSJ was re-launched in 2011 and has been committed to its objectives.

The objectives of the OSJ include promotion of the best possible eye-care in Jamaica and the Caribbean through corporate efforts by:

- - o Publications: issuing of appropriate publications
 - o Statistics and reports: obtaining and disseminating accurate information regarding the various activities of this society
- Associations: encouraging and assisting in the formation of such societies and forming strong links with existing societies in the Caribbean and worldwide
- Cooperation with other bodies: promoting fraternal and professional relationships between fellow practitioners
- - o Educational Work: promoting excellence through continued education

The advertisement is a collage of four product images for eye drops from Aristopharma Ltd. The top left shows a box and bottle of **Cortisol** (Prednisolone Acetate 1%) Sterile Ophthalmic Suspension, with a hand holding the bottle. A red banner across this section reads: "The steroid of choice for post-operative pain & inflammation". The top right features **Olpadin** (Olopatadine INN 0.1%) Sterile Eye Drops, with a box and bottle, and text stating: "Provides dual action- stabilizes mast cells as well as blocks histamine H₁ receptors" and "Convenient twice daily dosing". The bottom left shows **Aristomol** (Ketorolac 0.5%) Sterile Eye Drops, with a box and bottle. The bottom right features **Stafen** (Kerastem 0.025%) Sterile Eye Drops, with a box and bottle, and text stating: "The USFDA approved drug for acute allergy". A word cloud on the far right lists various allergens: Pollen, Dust, Mold, Pet Dander, Food, and Insects. At the bottom, the manufacturer's information is provided: "Manufactured by: **ARISTOPHARMA LTD.** Manufacturer of Pharmaceutical Products". The distributor's information is: "Distributed by: **R.
