

Index to Volume 62: 2013

- 25-Hydroxyvitamin D, 195–200
A(H1N1) pdm09, 489–496
Abel WD – see Gibson RC, 615–619
Aboriginal, 73–80
Abram M – see Bubonja-Sonje M, 270–272
Abscess, 557–560
Acar A – see Turhan V, 557–560
Acarbose, 861–863
Acute dermatologic diseases, 589–592
Acute kidney injury, 773–775
Acute motor-sensory axonal neuropathy, 658–666
Acute non ST-segment elevation myocardial infarction, 721–723
Acute pancreatitis, 87–88
Acute ST-segment elevation myocardial infarction, 721–723
Acute suppurative sialadenitis, 856–858
Adams PT, Wharfe G.
A case of pseudotumour in a haemophilic, 561–564
Adebola RA – see Osunde OD, 654–657
Adenosine deaminase, 803–807
Adnexal mass, 565–566
Adnexal torsion, 158–160
Adolescent sexuality, 423–426
Adolescent with Capgras, 95–98
Adolescents and cancer, 21–27
Adolescents, 257–259
Affuso O – see Monroe CE, 533–542
African American, 504–509
Afro-Caribbean, 181–185, 190–194
Afro-Caribbean Barbadians, 181–185
Agackiran Y – see Yazicioglu A, 554–556
Ageing, 524–528
Aggelakis P – see Kouloulias V, 752–757
Aggression, 405–410
Agouti (*Dasyprocta leporina*), 497–503
Ajayi AF, Akhigbe RE, Ajayi LO.
Hypothalamic-pituitary-ovarian axis in thyroid dysfunction, 835–838
Ajayi LO – see Ajayi AF, 835–838
Ajike SO – see Osunde OD, 654–657
Akbudak M – see Belli H, 39–44, 481–486
Akhigbe RE – see Ajayi AF, 835–838
Akhiwu BI – see Osunde OD, 654–657
Akimbebe A – see Bishop KL, 575–581
Akkus MA – see Taşova V, 844–848
Akpaka PE – see Justiz-Vaillant AA, 12–20
Aktas G, Sit M, Tekce H, Alcelik A, Savli H, Simsek T, Ozmen E, Isci AZ, Apuhan T.
Mean platelet volume in nasal polyps, 515–518
Akyol O – see Sahin S, 84–86
Akyuz Cim EF – see Belli H, 481–486
Albendazole, 266–269
Albert M – see Cawich SO, 1–2
Albumin:creatinine ratio, 808–816
Alcelik A – see Aktas G, 515–518
ALCOHOL
– The economic and medical costs of alcohol consumption in Japan, 785–786
Alfred R – see Fletcher-Peddie K, 658–666
Ali T – see Jaggat A, 45–47
Ali T, Mohammed F, Mencia M, Maharaj D, Hoford R.
Surgical management of exertional anterior compartment syndrome of the leg, 529–532
Allen CF, Edwards P, Gennari F, Francis C, Caffè S, Boisson E, Jones S, Jack N.
Evidence on delay in sexual initiation, multiple partnerships and condom use among young people: review of Caribbean HIV behavioural studies, 292–298
Alleyn T, Ashe D.
Hydrogen/hydride ion relay – a mechanism for early electron transfer in cytochrome c oxidases, 3–11
Alleyn TA – see Ignacio DN, 504–509
Alloplastic material, 654–657
Alper AT – see Gungor B, 672–674
Alternative medicine, 524–528
Altinok T – see Yazicioglu A, 554–556
Amer S, Hassan S, Shariffi M, Chueca L.
QT interval prolongation associated with azithromycin/methadone combination, 864–865
Amole IO – see Osunde OD, 654–657
Amputations, 216–223
Amusa LO – see Goon DT, 582–588
Anaemia, 825–830
Anaplastic large cell lymphoma, 87–88
Anastomotic leakage, 711–715
ANATOMY
– Incidences and clinical implications of communications between musculocutaneous nerve and median nerve in the arm – a cadaveric study, 744–747
– X-cephalometric study of different parts of the upper airway space and changes in hyoid position following mandibular fractures, 642–648
Anderson C – see Carter M, 56–61
Andrade LM – see dos Santos VM, 260–263
Aneurysm and carotid, 667–671
Angiosarcoma, 651–653
Anic F – see Bubonja-Sonje M, 270–272
Annakkaya AN – see Dindar S, 519–523
Antenatal care, 323–328
Antenatal clinics HIV, 323–328
Anterior rhinoscopy, 778–780
Anthracycline, 651–653
Anthropometry, 524–528, 582–588
Antifungal drug, 724–730
Antiretroviral therapy, 283–285
Antiretrovirals in St Lucia, 350–356
Antisocial personality disorder, 453–457
Anti-TNF treatment, 270–272
Antypas C – see Kouloulias V, 752–757
Anxiety, 533–542
Appendicitis, 680
Apuhan T – see Aktas G, 515–518
AR Sowmya – see Kote S, 758–763
Archer J – see Maharaj RG, 165
Archibald A – see Ogunsalu C, 145–148
Arjoon C – see Edmund M, 570
Arora D – see Kote S, 758–763
Arthritis, 270–272
Arthritis and *salmonella*, 270–272
Ashe D – see Alleyn T, 3–11
Asnani MR, Reid ME.
Diagnostic accuracy of spot and timed measurements of urinary albumin concentration to determine microalbuminuria in sickle cell disease, 808–816

- Ates F** – see Turhan V, 557–560
 Athlete, 529–532
Atkinson U – see Barrow G, 337–340
 Atrial fibrillation, 672–674
 Attitude, 329–336, 758–763, 731–737
 Augmentation, 654–657
 Augmentation of spinal fusion, 748–751
Aung M – see Monroe CE, 533–542
 Authority management, 405–410
 Autoimmune disease, 264–265
 Autophagy, 698–700
 Axillary crutches, 548–551
Aydogan A – see Taşova V, 844–848
Ayyildiz HF – see Kucukkolbasi H, 230–238
 Azithromycin, 864–865
Babu RS Arvind.
 A vision for oral and maxillofacial pathology in Jamaica, 764–766
 Back pain, 205–209
 Bacterial vaginosis, 599–603
Bahadur A – see Barrow G, 337–340
Bahadursingh S – see Maharaj J, 510–514
BAHAMAS
 – A survey of patients with substance use disorders at government treatment facilities in The Bahamas, 610–614
 – HIV/AIDS knowledge and sexual behaviour among junior high school students in New Providence, Bahamas, 318–322
 – Knowledge and attitudes toward HPV and the HPV vaccines in The Bahamas, 731–737
Bailey A – see Carter M, 56–61
Bailey H.
 Results from a preliminary study to develop the quality adjustments for quality adjusted life year values for Trinidad and Tobago, 543–547
 Ball moss, 169–170, 177–180
Balli U – see Keles GC, 62–67
Bambury I.
 HPV and HPV vaccine awareness: where are we? 683–684
Bambury I, Mullings A, Fletcher H, Johnson N, Tulloch-Reid M.
 Cervical intraepithelial neoplasia in a cohort of HIV-positive women at the University Hospital of the West Indies: management and outcome, 313–317
BARBADOS
 – Predicting 24-hour urinary protein excretion in Afro-Caribbean Barbadians by comparing urine protein excretion over different durations *versus* spot collection, 190–194
 – Predicting 24-hour urinary sodium excretion in Afro-Caribbean Barbadians by comparing urine sodium excretion over different durations *versus* spot collection, 181–185
Barbieri A – see Giuliani E, 773–775
Barchiesi F – see Cirioni O, 377–379
 Barium, 680
Barrow G – see
 – Clifford G, 357–363
 – Mah-Lee R, 374–376
Barrow G, Clare-Pascoe N, Bahadur A, Atkinson U, Browne C, Clarke TR, Barton EN.
 A review of the HIV-infected homeless sub-population at the Centre for HIV/AIDS Research, Education and Services, Department of Medicine, University Hospital of the West Indies, 337–340
Barton EN – see
 – Barrow G, 337–340
 – Hickling FW, 389–396
 – Hoe KK, 825–830
 – Martin J, 463–467
 – Nwokocho CR, 487–488
Barton EN.
 HIV/AIDS, 281–282
Barton EN.
 Personality disorders, 381–382
Basaklar AC – see Moralioglu S, 257–259
Bay A – see Cesur Y, 201–204
 B-cell non Hodgkin's lymphoma (B-NHL), 89–91
 Behaviour, 329–336, 758–763
Belli H, Belli S, Ural C, Akbudak M, Oktay MF, Akyuz Cim EF, Tabo A, Umar M, Pehlivan B.
 Psychopathology and psychiatric co-morbidities in patients seeking rhinoplasty for cosmetic reasons, 481–486
Belli H, Ural C, Yesilyurt S, Vardar MK, Akbudak M, Oncu F.
 Childhood trauma and dissociation in patients with obsessive-compulsive disorder, 39–44
Belli S – see Belli H, 481–486
Belli S, Yalcin S, Oktay MF.
 A case report: primary melanoma of the nasal cavity, 778–780
Bennett F – see Fletcher HM, 593–598
Bertolotti V – see Giuliani E, 773–775
Bhat PK – see Kadanakuppe S, 73–80
 Bilateral femoral stress fractures, 552–553
 Bilateral oophorectomy and bone disease, 593–598
Bindurani SR – see Marie MAM, 803–807
Binns LA.
 An unassuming revelation: Cuba's social policy toward the AIDS epidemic, 368–373
Binns LA.
 Cuba: healthcare and the revolution, 244–249
 Birth injury, 45–47
Bishop KL, Dupuis C, Nanton P, Clarke K, Bolt C, Chin-See C.
 Perinatal autopsy rates at the University Hospital of the West Indies: 2002–2008, 35–38
Bishop KL, Hanchard B, Gibson TN, Lowe D, McNaughton D, Waugh N, Akimbebe A.
 Incidence of childhood cancer in Kingston and St Andrew, Jamaica, 1983–2002, 575–581
Blake-Scarlett BE, Younger N, McKenzie CA, Van den Broeck J, Powell C, Edwards S, Win SS, Wilks RJ.
 Prevalence of overweight and obesity among children six to ten years of age in the North-East Health Region of Jamaica, 171–176
 Bland-White-Garland syndrome, 277–280
 Blood donations, 632–635
 Blood donation and developing countries, 48–55
 Body dysmorphic disorder, 481–486
 Body fat and children, 582–588
 Body mass index, 705–710
 Boerhaave's syndrome, 152–153
Boersma AA – see Klein K, 127–134
Boisson E – see Allen CF, 292–298
Boisson EV, Des Vignes F, Quesnel S, CAREC Flu Team.
 Pandemic influenza A (H1N1) 2009 in the English- and Dutch-speaking Caribbean: an epidemiological overview, 489–496
Bolt C – see Bishop KL, 35–38
 Bone lymphoma, 89–91
 Bone marrow, 89–91
 Bone mineral density, 593–598
Boodoo L – see Charles KS, 99–103
 Bowel obstruction, 155–157
Boyne MS – see Ferguson TS, 216–223
 Brachial plexus, 744–747
Brady-West DC – see Buchner-Daley LM, 632–635
 Brainstem and agouti, 497–503
 Breast cancer, 651–653, 752–757
Brooks-Smith-Lowe K, Rodrigo S.
 Prevalence of bacterial vaginosis in Grenadian women of reproductive age, 599–603

- Brown BR** – see Newnham MS, 155–157
- Brown fat, 554–556
- Brown GA**, Krueger RD, Cook CM, Heelan KA, Shaw BS, Shaw I.
A prediction equation for the estimation of cardiorespiratory fitness using an elliptical motion trainer, 114–117
- Brown T**, Morgan KAD.
Psychological distress and substance abuse in Jamaican youths living with HIV/AIDS, 341–345
- Browne C** – see Barrow G, 337–340
- Bruce C**, Chin KR, Cumming V, Crawford NR.
Stabilizing effects of a particulate demineralized bone matrix in the L4 interbody space with and without PEEK cage – a literature review and preliminary results of a cadaveric biomechanical study, 748–751
- Brucella, 776–777
- Brucellosis, 557–560
- Brumant B**, Sirjusingh A.
A rare adnexal mass in a teenager, 565–566
- Bryant J** – see Lowe HIC, 177–180
- Bubonja-Sonje M**, Rubinic D, Anic F, Novak S, Vuckovic D, Abram M.
Salmonella enterica arthritis in a patient with rheumatoid arthritis receiving anti-tumour necrosis factor therapy, 270–272
- Buchner-Daley LM**, Brady-West DC, McGrowder DA, Gordon-Strachan GM.
Evolution of blood donation patterns in a hospital-based blood centre over a seven-year period: implications for donor recruitment and retention, 632–635
- Buckridan R** – see Changoor TMR, 620–627
- Bullock K** – see Edmund M, 570
- Busari JO** – see Hermanides HS, 299–304
- Butler R** – see Halliday D, 731–737
- Byfield L** – see Figueroa JP, 286–291
- Cadaveric biomechanical flexibility study, 748–751
- Cadmium, 487–488
- Caffe S** – see Allen CF, 292–298
- Cai XA** – see Zhang J, 839–843
- Caksen H** – see Yilmaz C, 678–679
- Calcinosis cutis, 782–783
- Camptodactyly, 81–83
- CANCER**
- A case report: primary melanoma of the nasal cavity, 778–780
 - An evaluation of treatment strategies for head and neck cancer in an African American population, 504–509
 - Autophagy facilitates the sorafenib resistance of hepatocellular carcinoma cells, 698–700
 - Cancer in adolescents and young adults, Kingston and St Andrew, Jamaica, 1988–2007, 21–27
 - Cervical intraepithelial neoplasia in a cohort of HIV-positive women at the University Hospital of the West Indies: management and outcome, 313–317
 - Cystic echinococcosis: a disease mimicking cancer in a non-endemic country: report of two cases, 266–269
 - Evaluation of incidental thyroid cancer in patients with thyroidectomy, 844–848
 - High-dose tamoxifen plus ifosfamide and anthracycline in a patient with angiosarcoma of the breast, 651–653
 - Immunoglobulin heavy chain gene rearrangement in non B-cell haematological malignancies, 701–704
 - *In vitro* and *in vivo* anti-cancer effects of *Tillandsia recurvata* (ball moss) from Jamaica, 177–180
 - Incidence of childhood cancer in Kingston and St Andrew, Jamaica, 1983–2002, 575–581
 - Metastatic tumour of spermatic cords, epididymis and seminiferous duct from gastric carcinoma, 859–860
 - Microwave hyperthermia in conjunction with radiotherapy in superficial tumours: correlation of thermal parameters with tumour regression, 752–757
 - Possible economic gains from cancer research, 169–170
 - Radiation therapy for rectal cancer: toward an evidence-based approach, 649–650
 - Second transurethral resection of bladder tumour for the treatment of muscle-invasive bladder tumours, 839–843
- Cancer research, 169–170
- Candidaemia, 724–730
- Cañete R**.
Mebendazole as an alternative in *Giardia duodenalis* infection, 165–167
- Cao F** – see Yuan P, 28–34
- Cao XC** – see Zhang Q, 567–569
- Cao Y** – see Liu B, 698–700
- Capgras syndrome, 95–98
- Cardiac disease and depressive symptoms, 620–627
- CARDIOLOGY**
- Anomalous origin of left coronary artery with left anterior descending artery connected to left pulmonary artery from single right coronary artery, 277–280
 - Differences of ventricular late potential between acute STEMI and NSTEMI patients, 721–723
 - Malignant arrhythmia as the first manifestation of Wolff-Parkinson-White syndrome: a case with minimal preexcitation on electrocardiography, 672–674
 - The prevalence of depressive symptoms in a Trinidadian cardiac population, 620–627
 - Truncus arteriosus: surviving at 46 years without intervention, 273–276
- Cardiorespiratory fitness, 114–117
- Cardiothoracic, 554–556
- Cardiovascular disease, 468–474, 620–627
- CAREC Flu Team** – see Boisson EV, 489–496
- CARIBBEAN**
- Evidence on delay in sexual initiation, multiple partnerships and condom use among young people: review of Caribbean HIV behavioural studies, 292–298
 - Are Jamaicans really that stigmatizing? A comparison of mental health help-seeking attitudes, 437–442
 - Assessment of the ability of the triglyceride to high density lipoprotein cholesterol ratio to discriminate insulin resistance among Caribbean-born black persons with and without Hispanic ethnicity, 109–113
 - Capgras syndrome presenting in an adolescent girl in the Caribbean, 95–98
 - Child abuse: a common problem in Curaçao? 127–134
 - Comparison of ultrasonographic estimated fetal weight and actual birthweight performed by residents in training at the University Hospital of the West Indies, 831–834
 - Detection of drug resistant *Mycobacterium tuberculosis* among patients with and without HIV-infection in a rural setting, 122–126
 - Diabetic foot complications among patients attending a specialist diabetes clinic in Jamaica: prevalence and associated factors, 216–223
 - ‘Fishy’ make-up on the hook for mercury exposure: a case series, 770–772
 - HIV/AIDS knowledge and sexual behaviour among junior high school students in New Providence, Bahamas, 318–322
 - Incontinentia pigmenti in 22-month old Afro-Caribbean fraternal twin girls: a case report, 852–855
 - Intestinal microbiota transplantation: a case of Crohn’s colitis with superimposed *Clostridium difficile* infection, 675–677
 - Knowledge and attitudes toward HPV and the HPV vaccines in The Bahamas, 731–737
 - Medical tourism in the Caribbean region: a call to consider environmental health equity, 250–253

- Optimizing chronic HIV care in the Dutch Caribbean: a questionnaire based study on experience and perception of healthcare workers, 299–304,
- Pandemic influenza A (H1N1) 2009 in the English- and Dutch-speaking Caribbean: an epidemiological overview, 489–496
- Prevalence of bacterial vaginosis in Grenadian women of reproductive age, 599–603
- Radiation therapy for rectal cancer: toward an evidence-based approach, 649–650
- Sociodemographic factors associated with depressive symptoms among elderly persons from two communities in Kingston, Jamaica, 615–619
- Studying personality and personality disorders among people in the Caribbean: advocating for an emic-etic approach, 427–430
- The treatment of personality disorder in Jamaica with psychohistoriographic brief psychotherapy, 431–436
- Turning the tide toward an AIDS free generation: Is it within our reach?, 283–285
- Caribbean-born, 109–113
- Caribbean short stories, 475–480
- Carmi syndrome, 149–151
- Carotid, 667–671
- Carotid artery stenting, 135–139
- Carpenter K** – see Longman-Mills S, 423–426
- Carter M**, Gallo M, Anderson C, Snead MC, Wiener J, Bailey A, Costenbader E, Legardy-Williams J, Hylton-Kong T.
Intravaginal cleansing among women attending a sexually transmitted infection clinic in Kingston, Jamaica, 56–61
- Casanova-Rosado JF**, Vallejos-Sánchez AA, Minaya-Sánchez M, Medina-Solís CE, De La Rosa-Santillana R, Márquez-Corona M De L, Maupomé G.
Frequency of tooth brushing and associated factors in Mexican schoolchildren six to nine years of age, 68–72
- CASE REPORTS**
 - A case of pseudotumour in a haemophiliac, 561–564
 - A case of systemic cryptococcal disease in HIV infection, 374–376
 - A case report: primary melanoma of the nasal cavity, 778–780
 - A plea for more umbilical stomas in paediatric surgical practice, 849–851
 - A rare adnexal mass in a teenager, 565–566
 - A rare cause of rhabdomyolysis from brucella: a case report, 776–777
 - Anomalous origin of left coronary artery with left anterior descending artery connected to left pulmonary artery from single right coronary artery, 277–280
 - Augmentation of craniofacial defects using alloplastic material, 654–657
 - Bilateral wrist drop complicating axillary crutches mobilization in a young adult, 548–551
 - Boerhaave's syndrome: a differential diagnosis of acute chest pain following a vomiting illness, 152–153
 - Capgras syndrome presenting in an adolescent girl in the Caribbean, 95–98
 - Chronic renal disease and reversible posterior leukoencephalopathy syndrome after liver transplantation, 869–872
 - Critical illness in energy metabolism genetic disorder: rhabdomyolysis, acute kidney injury, respiratory arrest, 773–775
 - Cystic echinococcosis: a disease mimicking cancer in a non-endemic country: report of two cases, 266–269
 - Deep lobe parotid abscess with facial nerve palsy: a case report, 856–858
 - 'Fishy' make-up on the hook for mercury exposure: a case series, 770–772
 - Gastroesophageal reflux and reflux oesophageal strictures in children with Cornelia de Lange syndrome, 161–164
 - Guillain-Barré syndrome and its variants: a case of acute motor-sensory axonal neuropathy in Jamaica, 658–666
 - High-dose tamoxifen plus ifosfamide and anthracycline in a patient with angiosarcoma of the breast, 651–653
 - Incontinentia pigmenti in 22-month old Afro-Caribbean fraternal twin girls: a case report, 852–855
 - Intestinal microbiota transplantation: a case of Crohn's colitis with superimposed *Clostridium difficile* infection, 675–677
 - Intrathoracic hibernoma: an uncommon tumour, 554–556
 - Klippel-Trenaunay syndrome, 254–256
 - Laparoscopic ovarian ligament plication in pregnancy, 158–160
 - Late onset systemic lupus erythematosus with severe hypercalcaemia, 92–94
 - Malignant arrhythmia as the first manifestation of Wolff-Parkinson-White syndrome: a case with minimal preexcitation on electrocardiography, 672–674
 - Metastatic tumour of spermatic cords, epididymis and seminiferous duct from gastric carcinoma, 859–860
 - Nasal lipoma with associated abnormalities of the corpus callosum, 154
 - Ophthalmic manifestations of haematological disorders, 99–103
 - Orchiectomy performed in two patients with brucella orchitis mimicking testicular tumour, 557–560
 - Primary bone marrow B-cell non-Hodgkin's lymphoma successfully treated with R-CHOP, 89–91
 - Pyosalpinx and hydrosalpinx in virginal adolescents: report of two cases, 257–259
 - QT interval prolongation associated with azithromycin/methadone combination, 864–865
 - Recurrent primary hydatid disease of tibia, 866–868
 - Re-implantation of a degloving amputation of distal index finger caused by fireworks: a case report and literature review, 567–569
 - *Salmonella enterica* arthritis in a patient with rheumatoid arthritis receiving anti-tumour necrosis factor therapy, 270–272
 - Secondary T-cell pancreatic lymphoma mimicking acute pancreatitis, 87–88
 - Simultaneous bilateral femoral neck stress fractures in a 24-year old male recruit: a case report, 552–553
 - Spontaneous extracranial internal carotid artery aneurysm: a case report, 667–671
 - Sustained increase of serum creatine phosphokinase levels and progressive muscle abnormalities associated with raltegravir use during a 32-week follow-up in an HIV-1 experienced patient on simplified HAART regimen intolerant to protease inhibitors and abacavir: a case report, 377–379
 - Syndromic association of pyloric atresia and epidermolysis bullosa (Carmi syndrome) – a case report, 149–151
 - Tel Hashomer camptodactyly syndrome: a case report, 81–83
 - Terminal ileum duplication; an unusual case of small bowel obstruction, 155–157
 - Thymoma associated with myasthenia gravis and Sjogren syndrome, 264–265
 - Transdermal methyl alcohol intoxication cause of pain relief, 84–86
 - Treatment with acarbose in severe hypoglycaemia due to late dumping syndrome, 861–863
 - Truncus arteriosus: surviving at 46 years without intervention, 273–276
 - Two women with cerebral venous thrombosis: oral contraceptives?, 260–263

- Cassar M** – see Maharaj RG, 165
- Cawich SO**, Albert M, Mohanty SK.
Laparoscopic cholecystectomy using standard instruments through a single umbilical incision: feasibility in Jamaica, 1–2
- Cayir A**, Kaya A, Davutoğlu S, Küçükbaşlan I, Özkan B.
Cushing's syndrome due to topical steroid, 104
- Cayir A**, Turan MI, Gundogdu B, Orbak Z.
Widespread idiopathic calcinosis cutis: a case report, 782–783
- Cayir A**, Turan MI, Olgun H, Orbak Z.
Can Hashimoto thyroiditis cause massive pericardial effusion? 781–782
- Cerebral venous thrombosis, 260–263
- Cervical cancer, 313–317, 683–684, 731–737
- Cervical intraepithelial neoplasia, 313–317
- Cesur Y**, Yuca SA, Kaya A, Yilmaz C, Bay A.
Vitamin D deficiency rickets in infants presenting with hypocalcaemic convulsions, 201–204
- Cetinkaya BO** – see Keles GC, 62–67
- Cetuximab, 504–509
- Chang Y-C** – see Hsiao C-H, 651–653
- Changoor TMR**, Buckridan R, Hutchinson G.
The prevalence of depressive symptoms in a Trinidadian cardiac population, 620–627
- Changoor TMR**, Hutchinson G.
The prevalence of Type D personality in a Trinidadian cardiac population, 468–474
- Chao W** – see Yu X, 793–798
- Charles KS**, Leelah N, Boodoo L, Murray DC.
Ophthalmic manifestations of haematological disorders, 99–103
- Chemokine receptor 7, 787–792
- Chemoradiation, 649–650
- Chemo-resistance, 698–700
