

## Index to Volume 59: 2010

- Abdul-Lateef H** – see Pinto Pereira LM, 561–566
- Abe S** – see Inoue K, 342–343
- Abel WD** – see
- Clarke TR, 369–373, 445–449
  - Duncan J, 409–417
  - Gibson RC, 434–438
  - Martin JS, 82–83
  - Sewell CA, 233–234, 589–590
- Abel WD**, Sewell CA, Martin JS.  
Domestic violence: Its prevalence and profile, (Editorial), 1–2
- Aboh S** – see Duke N, 400–402
- Academic performance in physical therapy students, 203–208
- Addae J** – see Thaxter KA, 245–248
- Addison L** – see Parey B, 650–655
- Adenosquamous, 110–112
- Adesiyun A**, Rahaman S, Bissessar S, Dookeran S, Stewart-Johnson A, Gittens-St Hilaire M.  
Seroprevalence of toxoplasmosis, leptospirosis and brucellosis in sugarcane field-workers in Trinidad and Tobago, 14–19
- Admission to university, 295–299
- Adverse drug reactions, 73–75
- Adverse reaction, 722–725
- Akkafa F** – see Uzer E, 235–240
- Akpaka PE**, Legall B, Padman J.  
Molecular detection and epidemiology of extended-spectrum beta-lactamase genes prevalent in clinical isolates of *klebsiella pneumoniae* and *E coli* from Trinidad and Tobago, 591–596
- Alcohol, 641–649
- Alevisopoulos G** – see Stefanidou M, 280–283
- Alexis-Thomas C** – see Gomez A, 356–361
- Alfred R** – see Soyibo AK, 338–341
- Alfred R**, Soyibo AK.  
Mycophenolate mofetil in minimal change nephrosis, 330–331
- Almirall P** – see Cañete R, 607–611
- Amata AO** – see Sharma SB, 717–721
- Amyloidosis, 219–221
- Andiman WA** – see Byam PR, 386–392
- Anegundi R** – see Gupta B, 92–95
- Anthropometry, 253–258, 494–502
- Antibacterial activity, 249–252
- ANTIBIOTICS**
- A survey of physicians' knowledge and attitudes regarding antimicrobial resistance and antibiotic prescribing practices at the University Hospital of the West Indies, 165–170
  - Antibiotic prescribing practice, University Hospital of the West Indies, 165–170
  - Antibiotic resistance, 165–170, 386–392
  - Antibiotic usage, ICU, 159–164
  - Comparative antimicrobial activity of two new mutacins, 602–606
  - Dynamics of antibiotic usage in the intensive care unit at the University Hospital of the West Indies, 159–164
  - Molecular detection and epidemiology of extended-spectrum beta-lactamase genes prevalent in clinical isolates of *klebsiella pneumoniae* and *E coli* from Trinidad and Tobago, 591–596
  - The antibacterial activities of mikanolide and its derivatives, 249–252
  - The detection of mupirocin resistance and the distribution of methicillin-resistant staphylococcus aureus at the University Hospital of the West Indies, Jamaica, 509–513
- ANTIGUA and BARBUDA**
- Drug and alcohol treatment facility, 50–54
  - Low birthweight babies in, Antigua and Barbuda, 29–34
- Antimicrobial activity, 602–606
- Antinociception, 473–478
- Antiretrovirals, 453–454
- Antoine R** – see Parey B, 650–655
- Anxiety and depression in medical students, 196–202
- Anxiety, reduction, 245–248
- Anyanechi CC** – see Philip-Ephraim EE, 429–433
- Apgar score, 479–485
- Arcott-Mills S** – see Ward E, 7–13
- Arya S** – see Maharaj R, 226–229
- Asbestos, airborne, in Jamaican hospitals, 668–673
- Asbestos, exposure, 668–673
- Ashley DE** – see
- Foster-Williams K, 295–299
  - Ward E, 7–13
- Aslaner D** – see Belli H, 715–716
- Asparagus racemosus*, 3–6
- Asthma – Screening test, 287–290
- Atrial fibrillation, 222–225
- Attrition, 50–54
- Atypical nephrotic syndrome, 319–324
- Aydinlioglu A**, Gumrukcuoglu FN, Koyun N.  
The prevalence of supracondyloid process in the living: A radiographic study, 545–548
- Ayodele OA** – see Odunaiya NA, 529–534
- Azadirachta indica*, neem, 245–248
- Babwah TJR**, Nunes P.  
Exercise habits in South Trinidad: Motivating forces and barriers, 523–528
- Bacterial pathogens, 386–392
- Bacterial sepsis, 386–392
- Bah'him YM**, Oguntibeju OO, Lewis HA, Mokoena K.  
Factors associated with pregnancies among HIV-positive women in a prevention of mother-to-child transmission programme, 362–368
- Bailong Li** – see Liren Qian, 122–124
- Bain B** – see
- De La Haye W, 380–385
  - Lipps GE, 374–379
- Barillas A** – see Spence D, 59–66
- Barium enema, 535–539
- Barnes D**, McDowell D.  
Outcomes of long bone fractures treated by open intramedullary nailing at the St Ann's Bay Hospital, Jamaica, 540–544
- Barrow G** – see Clarke TR, 369–373, 439–444, 445–449, 453–454
- Duncan J, 409–417
- Barrow G**, Clarke TR, Carrington D, Harvey K, Barton EN.  
An analysis of three opportunistic infections in an outpatient HIV clinic in Jamaica, 393–399
- Barton EN** – see
- Barrow G, 393–399
  - Clarke TR, 369–373, 439–444, 445–449, 453–454
  - De La Haye W, 380–385
  - Duncan J, 409–417
  - Gibson RC, 434–438
  - Gooden M, 319–324
  - Lawal CO, 312–318
  - Lipps GE, 374–379
  - Miller M, 325–329

- Pena YT, 332–337
- Tulloch-Reid MK, 131–138
- Barton EN**  
HIV/AIDS: Various issues explored, (Editorial), 345–347
- BDI-II Scores, 380–385
- Bedayse N**, Hariharan S, Chen D.  
Red cell transfusion practices and the impact of phlebotomy in an adult intensive care unit in Trinidad: A prospective observational study, 67–72
- Bekele I** – see Pinto Pereira LM, 561–566
- Belac-Lovasic I** – see Lovasic F, 518–522
- Belli H**, Aslaner D, Ural C, Vardar MK, Yesilyurt S, Gul ES.  
Escitalopram related erectile dysfunction and spontaneous ejaculation during micturition (Case Report), 715–716
- Belli H**, Vardar MK, Yesilyurt S, Gul ES, Ural C.  
Citalopram related euprolactinaemic galactorrhoea, (Case Report), 100–101
- Bennett F** – see Fletcher HM, 625–632
- Bhatt R** – see Shirley SE, 177–181
- Bhoorasingh P**, McCartney T, Simpson LK.  
Jaundice post laparoscopic cholecystectomy, (Case Report), 88–91
- Biliary cystadenocarcinoma, 226–229
- Birthweight, 479–485
- Birthweight, very low, 29–34
- Bissessar S** – see Adesiyun A, 14–19
- Blood pressure, 253–258
- Blood transfusion, 612–624
- Bobinac D** – see Pavicic Zezelj S, 494–502
- Bodkyn C**, Lalchandani S.  
Incidence of childhood cancer in Trinidad and Tobago, 465–468
- Boduroglu O** – see Uzer E, 235–240
- Body composition, fasting blood glucose, 253–258
- Bonadie KO** – see Plummer JM, 84–87
- BONE**
  - Biomarkers, 332–337
  - Mineralization, 125–130
  - Effect of menopause, anthropometry, nutrition and lifestyle on bone status of women in the Northern Mediterranean, 494–502
  - Outcomes of long bone fractures treated by open intramedullary nailing at the St Ann's Bay Hospital, Jamaica, 540–544
  - The prevalence of supracondyloid process in the living: A radiographic study, 545–548
- Boodram R** – see Nagassar RP, 20–25
- Book** – Dentistry in Jamaica, 588
- Bosivert N** – see Duke N, 400–402
- Botswana – Factors associated with pregnancies among HIV-positive women in a prevention of mother-to-child transmission programme, 362–368
- Boyne MS** – see Tulloch-Reid MK, 131–138
- Brachial artery, 545–548
- Branday JM** – see Pierre RB, 45–49
- Breast cancer, 518–522
- Breast diseases, 177–181
- Breast-conserving surgery, 518–522
- Breastfeeding intervention study, Jamaica, 35–40
- Brito K** – see Cañete R, 607–611
- Bronchoscopy, 717–721
- Brown H** – see Plummer JM, 26–28
- Brown PD** – see Stephenson S, 241–244
- Brown-Dennis A** – see Foster-Williams K, 295–299
- Brucellosis, 14–19
- Brugada Syndrome, 222–225
- Bruxism, 92–95
- Burgos H** – see Kadir S, 230–231
- Byam PR**, Pierre RB, Christie CDC, Andiman WA, Pettigrew M, The Kingston Paediatric and Perinatal HIV/AIDS (KPAIDS) Study Group.  
Antibiotic resistance among pathogens causing disease in Jamaican children with HIV/AIDS, 386–392
- Campbell-Stennett D** – see Shuaib F, 139–146
- CANCER**
  - A comparison of cisplatin and carboplatin, 115
  - Age-specific incidence of cancer in Kingston and St Andrew, Jamaica, 2003 – 2007, 456–464
  - Cancer incidence, 456–464
  - Cancer, childhood, 465–468
  - Febrile neutropaenia in cancer patients, 209–214
  - Human papilloma virus screening by Hybrid Capture II in Chinese women of Jiangsu Province, 469–472
  - Immunoglobulin light chain amyloidosis associated with multiple myeloma in a young patient, 219–221
  - Incidence of childhood cancer in Trinidad and Tobago, 465–468
  - Metastasis of the patella, 110–112
  - Mutation, 291–294
  - Palliative care, 59–66
  - Pathology of breast cancer in Jamaica, 177–181
  - Supporting cancer patients in Jamaica – A needs assessment survey, 59–66
  - The importance of smoking cessation as part of lung cancer control measures in Japan, 726
  - “V”-Technique as a method of breast conserving surgery in multifocal and T2 invasive breast cancers situated in the upper outer quadrant, 518–522
- Cañete R**, Rivas DE, Escobedo AA, González ME, Almíral P, Brito K.  
A randomized, controlled, open-label trial evaluating the efficacy and safety of chloroquine in the treatment of giardiasis in children, 607–611
- Cao F** – see Wang QW, 469–472
- Carboplatin, 115
- CARDIOLOGY**
  - Apical balloon syndrome, 232
  - Endocarditis, 230–231
  - Supraventricular tachyarrhythmia and brugada syndrome: A case of atrial fibrillation and brugada syndrome in a young patient without structural heart disease, 222–225
  - Time equals myocardium are we in time? 680–685
- Cardiovascular – Progression from prehypertension to hypertension in a Jamaican cohort: Incident hypertension and its predictors, 486–493
- Cardiovascular disease risk, 625–632
- CARIBBEAN**
  - Caribbean, 265–273, 486–493
  - Dental anxiety in a sample of West Indian adults, 567–572
  - Offshore medical school, 171–176
- Carrington CMS** – see Cohall DH, 503–508
- Carrington D** – see Barrow G, 393–399
- CASE REPORTS**
  - Brugada Syndrome, 222–225
  - Childhood Bruxism, 92–95
  - Citalopram related euprolactinaemic galactorrhoea, 100–101
  - Cystic hepatic lesion, 226–229
  - Duodenal fibrosarcoma, 84–87
  - Escitalopram related erectile dysfunction and spontaneous ejaculation during micturition, 715–716
  - Foreign body aspiration in children, 717–721
  - Iatrogenic tracheal tear, 578–580
  - Jaundice post laparoscopic cholecystectomy, 88–91
  - *Latissimus Dorsi* transfer, 106–109

- Cvijanovic O** – see Pavicic Zezelj S, 494–502
- Cytotoxicity, 597–601
- De La Haye W** – see Lipps GE, 374–379
- De La Haye W**, Clarke TR, Lipps G, Lowe GA, Longman-Mills S, Barton EN, Bain B.  
Patterns of depressive symptoms among patients with HIV infection, 380–385
- De-escalation, 159–164
- Degenerative disc disease, 192–195
- Del Giacco SR** – see Pitsios C, 287–290
- Delzell E** – see Scarlett HP, 668–673
- Dengue fever, 139–146
- DENTISTRY**
- A limited and useful approach to determine proximal periodontal health, 215–218
  - Caries prevalence and experience of 12-year old children in Montserrat, 573–577
  - Dental anxiety in a sample of West Indian adults, 567–572
  - Dental caries, 573–577
  - Periodontal health, 215–218
- Deodhar K** – see Maharaj R, 226–229
- DEPRESSION**
- Among persons attending an HIV/AIDS outpatient clinic, 369–373
  - Validation of the Beck Depression Inventory II in HIV patients, 374–379
  - Patterns of depressive symptoms among patients with HIV infections, 380–385
- Develioglu H**, Özcan G, Taner L, Ozgören O.  
A limited and useful approach to determine proximal periodontal health (Dental Forum), 215–218
- Dhanookdhary AM**, Gomez AM, Khan R, Lall A, Murray D, Prabhu D, Ragoonath A, Singh N, Tewari S, Youssef FF.

Substance use among University students at the St Augustine campus of The University of the West Indies, 641–649

#### DIABETES MELLITUS

- Body composition, fasting blood glucose, 253–258
- In adolescent, 131–138
- Management, 555–560
- Epidemiology, 259–264
- In Jamaica, 131–138
- Gene polymorphisms, 235–240

Dialysis – Characteristics, complications and outcome of patients treated with automated peritoneal dialysis at the peritoneal dialysis unit, UHWI, 312–318

**Dias A**, O'Neill P, Fenton J

Iatrogenic tracheal tear, (Case Report), 578–580

Dibenzyl trisulphide, 455

**Didier M** – see

- Nicholson AM, 509–513
- Tennant I, 165–170

**Dilmec F** – see Uzer E, 235–240

Diuretic activity of *Asparagus racemosus Willd.*, 3–6

D-loop, 291–294

DNA, 291–294

Domestic violence – socio-economic groups, 20–25

**Doneray H**, Orbak Z.

Association between anthropometric hormonal – measurements and bone mineral density in puberty and constitutional delay of growth and puberty, 125–130

**Dong YS** – see Wang QW, 469–472

**Dookeran S** – see Adesiyun A, 14–19

#### DRUG REACTION

- Adverse drug reactions, 555–560
- Citalopram related euprolactinaemic galactorrhoea, 100–101
- Escitalopram related erectile dysfunction and spontaneous ejaculation during micturition, 715–716
- Pharmacovigilance, 73–75
- Skin eruption and thrombocytopaenia, 102–105

#### DRUG REHABILITATION

- Client characteristics associated with failure to complete residential treatment at a multicultural drug and alcohol treatment facility in Antigua, West Indies, 50–54
- Substance abuse treatment: The special needs populations, 82–83

Drug use in pregnancy, 561–566

Drug-herb, interactions, 503–508

**Duke N**, Aboh S, Bosivert N.

Analysis of resistance testing in South Trinidad, 400–402

**Duncan J**, Grant Y, Clarke TR, Harvey KM, Gibson RC, Barrow G, Abel WD, Barton EN, Figueroa JP.

Sociodemographics and clinical presentation of HIV in Jamaica over 20 years: A comparative analysis of surveillance data, 409–417

**Duncan ND.**

Male circumcision and the Caribbean HIV epidemic, 348–350

Duodenal fibrosarcoma, 84–87

*E coli*, 241–244, 591–596

Earthquake, 119–121

Eating disorder – The effects of viewing pro-eating disorder websites: A systematic review, 686–697

- Eating disorders – An emerging psychopathology, 589–590

Economic policy, 702–705

#### EDITORIALS

- Advancing forensic psychiatry in Jamaica, 233–234
- Domestic violence, Its prevalence and profile, 1–2
- Eating disorders – An emerging psychopathology, 589–590
- Haiti: Lessons learnt, 119–121
- HIV/AIDS: Various issues explored, 345–347

- Life's immunity as a normal distribution function: Philosophies for the use of dibenzyl trisulphide in immunity enhancement and life extension, 455

**Eguchi K** – see Fujita Y, 115, 342

**Ehikhametalor K** – see Chang LPT, 656–661
