

Index to Volume 61: 2012

- Abdirahman HA**, Bah TT, Shrestha HL, Jacobsen KH.
Bullying, mental health and parental involvement among adolescents in the Caribbean, 504–508
- Abdominal hysterectomy, 128–133
- Abdominal obesity, 802–808
- Abel W** – see Gossell-Williams M, 802–808
- Abel WD** – see
– Holder-Nevins D, 516–520
– Sewell CA, 115–116
– Williams-Johnson J, 526–531
- Abel WD**, Bailey-Davidson Y, Gibson RC, Martin JS, Sewell CA, James S, Fox K.
Depressive symptoms in adolescents in Jamaica, 494–498
- Abel WD**, James K, Bridgelal-Nagassar R, Holder-Nevins D, Eldemire H, Thompson E, Sewell C.
The epidemiology of suicide in Jamaica 2002–2010: Rates and patterns, 509–516
- Abel WD**, Kestel D, Eldemire-Shearer D, Sewell C, Whitehorne-Smith P.
Mental health policy and service system development in the English-speaking Caribbean, 475–482
- Abel WD**, Sewell C, Martin JS, Bailey-Davidson Y, Fox K.
Suicide ideation in Jamaican youth: Sociodemographic prevalence, protective and risk factors, 521–525
- Abid R** – see Sheikh N, 235–239
- Abrishamkar M** – see Behdad S, 128–133
- Abscess, 245–248, 832–833
- Acclimatation, 94–97
- Acute abdomen, 646–647
- Acute hepatitis C, 202–203
- Acute neural injury, 751–755
- Adams OP** – see Maharaj RG, 472
- Adamu H** – see Adesiyun AG, 198–201
- Adaramoye OA**, Oloyede GK.
Effect of moderate ethanol administration on biochemical indices in streptozotocin-diabetic Wistar rats, 3–9
- Adenomatous polyps, 10–16
- Adesiyun AG**, Ameh N, Bawa U, Adamu H, Kolawole A.
Calabash pregnancy: A malingering response to infertility complicated by domestic violence, 198–201
- Adiposity in children, 670–673
- Adogwa A** – see Alleyne T, 122–127
- Adolescents, 516–520, 890–896
- Adolescent sexual risk**,
Adolescents and depression, 494–498
Adolescents and suicide, 516–520
- Adrenal cortex function, 844–846
- Adult ocular trauma, 605–609
- Aedes aegypti*, 615–618
- AFRICA**
– Homozygous sickle cell disease in Uganda and Jamaica: A comparison of Bantu and Benin haplotypes, 684–691
– Using receiver operating characteristic curve analysis in detecting excess adiposity in 9–13-year old South African children, 670–673
- Ageing, 380–386
- Ahmed F** – see Ali A, 290–294
- AIDs, 396–404
- Aiken WD**, Eldemire-Shearer D.
Prostate cancer in Jamaica and the wider Caribbean: It is time to consider screening, 90–93
- Aiken WD**.
Prostate cancer screening still a contentious issue, 113–114
- Ajayi AO**, Oluduro AO, Olowe OA, Odeyemi AT, Famurewa O.
Plasmid-mediated fluoroquinolone-resistance *qnrA* and *qnrB* genes among *Escherichia coli* from cattle in Ado-Ekiti, Nigeria, 784–788
- Akbudak M** – see Sertbas Y, 544–548
- Akbulut H** – see Aydogan U, 139–144
- Akyel A**, Tavil Y, Yayla C, Tufan A, Kaya A, Tezcan ME, Ozturk MA, Boyaci B.
Endothelial dysfunction in primary Sjögren syndrome, 870–872
- Albumin, 235–239
- Alcohol use, 890–896
- Alexis S** – see De La Haye W, 168–173
- Alfred R** – see McGhie T, 746–750
- Alfred R**, Chin SN, Williams E, Walters C, Barton EN, Shah D.
The prevalence and significance of oestrogen receptor (ER) positivity in breast cancer at the University Hospital of the West Indies, Jamaica, 795–801
- Ali A** – see McGhie T, 746–750
- Ali A**, Roberts L, Ahmed F.
Living donor kidney transplantation: The donor profile in Trinidad and Tobago, 290–294
- Ali S** – see Clement YN, 43–48
- Ali Z** – see Lum Lock A, 32–36
- Alleyne G**.
PREFACE, 309–312
- Alleyne T**, Mohan N, Adogwa A.
Elevated ferric, calcium and magnesium ions in the brain induce protein aggregation in brain mitochondria, 122–127
- Al-Mobeeriek A**.
Oral health status among psychiatric patients in Riyadh, Saudi Arabia, 549–554
- Alp H** – see Orbak Z, 767–769
- Alternative medicine, 258–263
- Alzheimer's disease, 122–127
- Ambalavanan** – see Gani DK, 826–831
- Ameh N** – see Adesiyun AG, 198–201
- ANAESTHESIA**
– Effect of gabapentin on postoperative pain and operation complications: A randomized placebo controlled trial, 128–133
– The development of anaesthetic services in Jamaica, 73–75
– The development of postgraduate anaesthesia and intensive care training at The University of the West Indies, 463–466
– The role of pre-induction ketamine in the management of postoperative pain in patients undergoing elective gynaecological surgery at the University Hospital of the West Indies, 224–229
- Anaesthesia and intensive care training, 463–466
- Anaesthesia training, 73–75
- Anaesthetic services, 73–75
- Anmol Singh R** – see Crooks N, 145–147
- Anthropometry and blood pressure, 674–683
- Antibiotic therapy, 145–147
- Anticardiolipin antibodies, 789–794
- Antihypertensives, 271–279
- Antihypertensive drugs, 43–48

- Antimicrobial, 861–864
 Antipsychotics, 538–543
 Antiretroviral treatment, 932–936
Antoine C – see Scott C, 365–368
 Anxiety scale, 187–190
 Aortic dissection, 937–940
 Aorto-cavitary fistula, 756–759
Archibald A – see Ogunsalu C, 916–920
Arica S – see Koksaldi-Motor V, 154–157
Arjunan S – see Poh P, 569–573
Armstrong D – see Carter F, 698–702
 Arrhythmias, 102–105
Arunagiri K, Sekar B, Sangeetha G, John J.
 Detection and characterization of metallo- β -lactamases in *Pseudomonas aeruginosa* by phenotypic and molecular methods from clinical samples in a tertiary care hospital, 778–783
Arunaye FI – see Ogunsalu C, 814–820
Ashman H – see Forde R, 832–833
 Asymptomatic, 903–906
Asuquo E – see Nwokocha CR, 117–121, 773–777
Atif M – see Taskeen A, 564–568
 Atrial fibrillation, 102–105
 Attitudes, 921–923
Augier R – see Thomas M, 224–229
Aung M – see McCree-Hale R, 580–586
 Autoimmunity, 305–308
Ayar G – see Koşan C, 627–630
Ayatollahi V – see Behdad S, 128–133
Aydogan U, Akbulut H, Gok DE, Yilmaz MI, Yuksel S, Sari O, Doganer YC, Senses Z, Baltaci D, Kara IH, Saglam K, Qidwai W, Waheed S.
 To study the correlation between carrier status of nasal *Staphylococcus aureus* in patients on haemodialysis with hepatitis C, hepatitis B and their sociodemographic features, 139–144
Azaroglu I – see Koksaldi-Motor V, 154–157
Bah TT – see Abdirahman HA, 504–508
Bahado-Singh P – see Book Review, 653
BAHAMAS
 – Getting to zero: Male circumcision for HIV prevention in The Bahamas, 921–923
 – Prevalence of *Helicobacter pylori* infection in children in The Bahamas, 698–702
Bailey A – see Holder-Nevins D, 516–520
Bailey M – see DaCosta V, 865–869
Bailey-Davidson Y – see Abel WD, 494–498, 521–525
Baker-Henningham H – see Walker SP, 316–322
Baltaci D – see Aydogan U, 139–144
 Bantu haplotype, 684–691
BARBADOS
 – A comparison of the chemical constituents of Barbadian medicinal plants within their respective plant families with established drug compounds and phytochemicals used to treat communicable and non-communicable diseases, 17–27
 – A comparison of the psychometric strengths of the public-domain Zung self-rating depression scale with the proprietary Beck Depression Inventory-II in Barbados, 483–88
 – Observations on the changes of the air and the concomitant epidemical diseases in the island of Barbadoes, 1752–1758, 770
 – The antimicrobial screening of a Barbadian medicinal plant with indications for use in the treatment of diabetic wound infections, 859–862
 – The impact of the healthcare system in Barbados (provision of health insurance and the benefit service scheme) on the use of herbal remedies by Christian churchgoers, 258–263
 Bariatric surgery, 467–471
Barnes D – see McDowell D, 158–162
Barton EN – see
 – Alfred R, 795–801
 – Dewar D, 284–289
 – James J, 429–436
 – Soyibo AK, 249–253, 418–421, 907–911
Barton EN.
 – Golden Jubilee: Independence of Jamaica, Trinidad and Tobago, and The University of the West Indies as a degree granting institution, 310–312
 – Mental health, 473–474
Basheer T – see Sheikh N, 235–239
BASIC MEDICAL SCIENCE
 – Elevated ferric, calcium and magnesium ions in the brain induce protein aggregation in brain mitochondria, 122–127
Bawa U – see Adesiyun AG, 198–201
Bayraktar Y – see Çolak H, 635–639
 Beck Depression Inventory, 489–493
 Behavioural risk factor surveillance system (BRFSS), 809–813
 Behcet's disease, 28–31
Behdad S, Ayatollahi V, Tabatabaei Bafghi A, Dehghan Tezerjani M, Abrishamkar M.
 Effect of gabapentin on postoperative pain and operation complications: A randomized placebo controlled trial, 128–133
Belli H – see Sertbas Y, 544–548
Belli H, Belli S, Ural C.
 Psychopathological evaluation of patients requesting cosmetic rhinoplasty: A review, 149–153
Belli H, Ural C.
 The association between schizophrenia and violent or homicidal behaviour: The prevention and treatment of violent behaviour in these patients, 538–543
Belli S – see Belli H, 149–153
Bennett O – see Gossell-Williams M, 271–279
Bilezikçi B – see Toru S, 10–16
 Biochemical indices after ethanol, 3–9
BIOCHEMISTRY
 – Proteins and liver function changes in rats following cumulative total body irradiations, 773–777
 Biopharmaceuticals, 849–852
 Biosimilars, 849–852
 Biotechnology, 849–852
 Bird feathers, 912–915
 Birthweight, 323–330, 356–360
 Bisphenol A (BPA), 564–568
Bissoon AK – see Moze K, 739–742
Bissoon AK, Whaites E, Moze K, Naidu R.
 Evaluation of common operator errors in panoramic radiography in Trinidad and Tobago: A comparison of formally vs informally trained operators, 733–738
Blaser S – see Johnson N, 49–57
 Blood donor screening, 559–563
 Blood glucose, 853–860
 Blood pressure, 907–911
 Blood pressure in adolescence, 674–683
BLOOD TRANSFUSION
 – An observational study of intraoperative transfusion management in a cardiac surgical unit in Trinidad and Tobago, 587–591
 – Chagas: A neglected tropical disease, 557–558
 – Seroprevalence of *Trypanosoma cruzi* in blood donors at the national blood transfusion services – Guyana, 559–63
 Blunt chest trauma, 64–72
Bodkyn C – see Lum Lock A, 32–36
 Body mass index, 670–673

- Boisson EV**, Imana M, Roberts P.
Cricket World Cup: A stress test for the surveillance system in the Caribbean, 84–89
- Bone mineral density, 213–218, 627–630
- Bone regeneration, 814–820
- BOOK REVIEW**
- Caribbean herbs for diabetes management: Fact or fiction, 653
 - Health communication in the Caribbean and beyond: A reader, 652
 - Observations on the changes of the air and the concomitant epidemical diseases in the island of Barbadoes, 1752–1758, 770

A comparison of the psychometric strengths of the public-domain Zung self-rating depression scale with the proprietary Beck Depression Inventory-II in Barbados, 483–488
- CANCER**
- A case report: Successful treatment of meningeal metastasis with concurrent whole brain radiotherapy and erlotinib in a patient with non-small cell lung cancer, 106–108
 - A fifty-year review of soft tissue sarcomas in Jamaica: 1958–2007, 692–697
 - Adequacy of lymph node harvesting in colorectal cancer management: Improving standards, ensuring quality, 134–138
 - Colonoscopy in central Jamaica: results and implications, 610–614
 - Early changes in carcinogenesis of colorectal adenomas, 10–16
 - Evaluating a theory-based health education intervention to improve awareness of prostate cancer among men in western Jamaica, 580–586
 - Evaluation of blood Bisphenol A contents: A case study, 564–568
 - Expression of low molecular weight proteins in patients with leukaemia, 235–239
 - Huge mucinous cystadenoma presenting as an acute abdomen in the puerperium, 646–647
 - Parent perceptions of paediatric oncology services at the Eric Williams Medical Sciences Complex, Trinidad and Tobago, 32–36
 - Prostate cancer in Jamaica and the wider Caribbean: It is time to consider screening, 90–93
 - Prostate cancer screening still a contentious issue, 113–114
 - Screening for prostate cancer: A randomized controlled trial in men of African ancestry is needed, 112–113
 - The prevalence and significance of oestrogen receptor (ER) positivity in breast cancer at the University Hospital of the West Indies, Jamaica, 795–801
- Cancer and parent perceptions, 32–36
- Cancer screening, 90–93, 112–113, 113–114, 580–586
- Cannabinoid receptor, 264–270
- Cannabis sativa, 264–270
- Carcinogenesis, 10–16
- CARDIAC**
- The provision of surgical care for children with cardiac disease: The Jamaican experience – an 18-year review, 365–368
 - The rheumatic fever and rheumatic heart disease control programme – Jamaica, 361–364
- Cardiac surgery, 587–591
- CARDIOLOGY**
- Aorto-cavitary fistula: a complication of infective endocarditis, 756–759
 - Endothelial dysfunction in primary Sjögren syndrome, 870–872
 - How an Epstein-Barr virus may induce acute fulminant myocarditis in a young immunocompetent adult: case report, 640–642
 - Postoperative tetralogy of Fallot with concomitant atrial fibrillation and ventricular tachycardia, 102–105
- CARIDOVASCULAR**
- Evaluation and management of hypertension in the elderly, 907–911
 - Marfan's syndrome: pre-pubertal aortic rupture with left coronary artery aneurysms and fistulas, 937–940
- CARDIOVASCULAR DISEASE**
- Anthropometry and blood pressure changes in a Caribbean adolescent population of African ancestry: An evaluation of longitudinal data using a multilevel mixed regression approach, 674–683
 - Depression among cardiovascular disease patients on a consultation-liaison service at a general hospital in Jamaica, 499–503
 - Estimation of the levels of C-reactive protein, interleukin-6, total leukocyte count and differential count in peripheral blood smear of patients with chronic periodontitis in a South Indian population, 826–831

Cardiovascular event, 907–911

Cardiovascular risk, 429–436

CARIBBEAN

- A case study of the implementation of a competency-based curriculum in a Caribbean teaching hospital, 726–732
- A comparison of the psychometric strengths of the public-domain Zung self-rating depression scale with the proprietary Beck Depression Inventory-II in Barbados, 483–488
- Anthropometry and blood pressure changes in a Caribbean adolescent population of African ancestry: An evaluation of longitudinal data using a multilevel mixed regression approach, 674–683
- Biosimilars in the Caribbean, 849–852
- Bullying, mental health and parental involvement among adolescents in the Caribbean, 504–508
- Cardiovascular risk factors in an Eastern Caribbean island: Prevalence of non-communicable chronic diseases and associated lifestyle risk factors for cardiovascular morbidity and mortality in the British Virgin islands, 429–436
- Caribbean contributions to contemporary psychiatric psychopathology, 442–446
- Cricket World Cup: a stress test for the surveillance system in the Caribbean, 84–89
- Depression among cardiovascular disease patients on a consultation-liaison service at a general hospital in Jamaica, 499–503
- Epidemiology of febrile diseases in the emergency department of a Caribbean island: The Curaçao experience, 76–80
- Food and nutrition research in the Caribbean, 338–350
- Human T-cell leukaemia/lymphoma virus Type-1 associated myeloneuropathies – a Caribbean perspective, 408–414
- Jamaica, the Caribbean and sickle cell disease, 331–337
- Living and training in a tropical environment: A challenge for aerobic exercise. applied knowledge and perspectives, 94–97
- Mental health policy and service system development in the English-speaking Caribbean, 475–482
- Minimally invasive surgery training in the Caribbean – a survey of general surgical residents and their trainers, 708–715
- National health surveys and health policy: Impact of the Jamaica health and lifestyle surveys and the reproductive health surveys, 372–379
- Prevalence of *Helicobacter pylori* infection in children in The Bahamas, 698–702
- Prevalence of high-risk sexual behaviour in Jamaican adults and its relationship to sociodemographic and religious factors: Findings from the Jamaica Health and Lifestyle Survey 2007–2008, 873–880
- Prostate cancer in Jamaica and the wider Caribbean: It is time to consider screening, 90–93
- Prostate cancer screening still a contentious issue, 113–114
- Renal disease in the Caribbean: The disease of the past, present and future, 418–421
- Screening for prostate cancer: A randomized controlled trial in men of African ancestry is needed, 112–113
