

ABC Hall Programmes

FIRST YEAR EXPERIENCE (FYE) PROGRAMME

The FYE Programme is aimed at facilitating the successful transition of first years to the university life. To achieve this goal, the programme focuses on:

1. Developing intellectual and academic competence
2. Developing and maintaining interpersonal relationships
3. Exploring identity development
4. Deciding on a career
5. Maintaining health and wellness
6. Faith and the spiritual dimensions of life
7. Developing multicultural awareness
8. Developing civic responsibility

In order to nurture our first years, the programme utilizes seminars, excursions and other approaches that promises to keep our first years engaged and on course to achieve the said goal. We encourage all of our first years to participate in this program as it is an invaluable aid for personal development and first year success.

SPARTAN HELPING HAND

The Spartan Helping Hand is an outreach programme is designed to engage the residence of ABC Hall in philanthropy. This creates an opportunity for the society to benefit from our outreach efforts while at the same time groom our residents into philanthropists who will continue to indulge even after their UWI tenure. Our outreach efforts vary from mentorships, environmental clean ups, visits and donations to infirmaries and shelters. Under the umbrella of this programme blocks A, B and C also engage in their outreach projects which provides more opportunity for our residents to participate in different projects.
