

THE UNIVERSITY OF THE WEST INDIES
MONA CAMPUS, JAMAICA, WEST INDIES

The University of the West Indies (UWI) is a dynamic, international institution serving the countries of the Commonwealth Caribbean. Its faculties and institutes offer a wide range of undergraduate, masters and doctoral programmes in Humanities and Education, Science and Technology, Engineering, Law, Medical Sciences, Sport and the Social Sciences. The institution represents the oldest of its kind within the region and has produced outstanding leaders who have made remarkable contributions to regional development.

Applications are invited from suitably qualified individuals for the post of:

LECTURER/SENIOR LECTURER IN CONSERVATION ECOLOGY
Department of Life Sciences – Faculty of Science and Technology
Reference No. MPN100924

The Department of Life Sciences has active research programmes in ecological and environmental conservation based areas as well as, among others, biotechnology, plant metabolomics, entomology, parasitology and pest and weed management. Currently the Department offers two BSc programmes, five undergraduate majors, three MSc Programmes and has a large cadre of MPhil and PhD students. The Department has 22 laboratories and two marine/field stations on the north and south coast of Jamaica. Research plots, a 2.5 acre botanical research garden and a herbarium are located on the campus.

The successful candidate will be required to:

- Teach, research and participate in the strategic planning and management of teaching and learning, including curricula development programmes within the Department and wider Faculty;
- Contribute to the life of the University and to advance teaching, research and community outreach;
- Lecture at the Undergraduate and Postgraduate levels;
- Supervise and train of postgraduate students;
- Develop a strong research programme in their area of specialization;
- Participate in outreach activities at the Departmental/Faculty/Campus and University level.

Essential Qualifications And Experience:

- Minimum of a Ph.D. in Conservation Biology or Ecology;
- Relevant teaching experience in Life Sciences; Ecology, Ecosystem and species conservation;
- Demonstrated scholarly research.

Candidates who possess the following will be at a distinct advantage:

- Certificate in University Teaching;
- Experience supervising MPhil/PhD students;
- Evidence of prior grant acquisition;
- Administrative Experience within an Academic Institution;
- Evidence of Curriculum Development (face to face or distant delivery modes);
- Evidence of contribution to the Public Service OR field of Study;
- Possess a research record commensurate to academic career as demonstrated by publications in peer reviewed journals with appreciable impact factors.
