

Students Advance to the Semifinal Round

The Department of Mathematics at the UWI, Mona, has completed the assessment of the First Round Examination in the 2015 Jamaican Mathematical Olympiad. This examination was held on January 17 at the UWI, Mona Campus. The Olympiad Organizing Committee has determined that 391 students will advance to the Semifinal Round. These students come from a total of 53 high schools in Jamaica.

The Semifinal Round consists of two events. The first is a problem-solving workshop for all advancing students. The second event is the Semifinal Round Examination. This will be held on Saturday, February 28, at locations both in eastern and western Jamaica. The examination will last for two hours. More information for each school is given in a separate posting called "Guidelines for Semifinal Round Students".

The students who have qualified for the Semifinal Round are listed in the pages following the First Round Report below.
