THE UNIVERSITY OF THE WEST INDIES
DEPARTMENT OF MATHEMATICS
MONA CAMPUS

2014 Junior Olympiad Begins January 27

The 2014 Junior Mathematical Olympiad will begin on January 27 with the Qualifying Round Examination. This will be published in the Gleaner’s Children’s Own in the edition dated January 27-31, 2014. The questions will also be posted on the website of the Department of Mathematics at the address given below.

The Qualifying Round Examination is an open-book, take-home test consisting of 25 multiple-choice questions. Students who wish to enter should provide the information asked for on the Question Paper, complete the exam, and return it to the Department of Mathematics as instructed. Entries must be received by February 17 at the latest.

Students who are qualified will be invited to the First-Round Examination. This examination will be invigilated by representatives of the UWI, Mona Campus, at venues around the island. Schools with qualified students will be notified of the date, time, location, and other relevant details of this examination.

The Final Round Examination will be held at the UWI, Mona Campus, in late May or early June.

The dates for the rounds of the 2014 Junior Olympiad are different from those announced earlier (and tentatively) by the Department of Mathematics. We apologize for any inconvenience this may have caused.
