# EXECUTIVE EDUCATION

# Enterprise Risk Management

Enterprise Risk Management (ERM) enables an entity to determine its overall risk appetite, and to incorporate policies and procedures that manage risk exposure within such an appetite. The result is a more robust risk management framework, which, for a public sector entity, increases cost-effectiveness that is as important as profit-maximization for the private firm.

# EXECUTIVE EDUCATION

## Target Audience

Managers, Administrators, Auditors and ERM Team Leaders

## Prerequisites

An Associate Degree or Professional Certification

## Structure

3-day Workshop | 9:00 a.m. - 4:30 p.m.

## Objectives

Participants will be equipped to: appreciate the concepts of risk and risk management; recognize the major types of enterprise risks; become familiar with enterprise risk management; be aware of appropriate tools and techniques for assessing enterprise risks; and develop an action plan for an ERM programme.

## Application Process

Visit our website [www.mona.uwi.edu/msbm/scheduled](http://www.mona.uwi.edu/msbm/scheduled) to apply online and to get more information on all our Executive Education programmes.
