Scholarship Fund

# Actuarial Scholarship

for UWI students from the Caribbean  
Community (CARICOM) studying  
Mathematics or Actuarial Science in  
2nd or 3rd year

**£3000**

### Further eligibility criteria:

- A minimum GPA of 3.3 in the most recent academic year
- Commitment to join an actuarial professional body
- Demonstrable community / co-curricular involvement
- Strong leadership skills and outstanding character

**Unlock your potential in the actuarial profession with dedicated financial support and mentorship opportunities.**

**IFoA Foundation**

Institute and Faculty of Actuaries

**The IFoA Foundation is the charity of the Institute and Faculty of Actuaries working with the global actuarial community for positive social impact.**

**IFoA Foundation**  
**Fullerton-Long Caribbean**  
**Scholarship Fund**

**This scholarship was created by Mr Norbert Fullerton and Mr Andrew Long, proud graduates of the University of the West Indies (UWI) and ambassadors to the IFoA Foundation.**

Since 2021 it has offered a life-changing opportunity for outstanding young people from the CARICOM to become actuaries and make a positive difference in the region and wider world, whatever their field of interest.

Scholars also benefit from holistic and practical support in the form of mentoring, workshops, networking, work experience opportunities and connections with actuaries internationally.

There will be up to 3 awards in each year, and applicants can re-apply for a maximum of one more year.

### **Application procedure:**

- Obtain the application form;
- Complete all applicable sections;
- Have your referee complete the referee's report/affidavit;
- Submit the application form and your referee's report/affidavit.
