TO: Students - Nationals of Trinidad & Tobago

FROM: **CAMPUS REGISTRAR**

DATE: August 20, 2021

RE: **Nationals of Trinidad & Tobago Needing to Travel to Jamaica for Semester One 2021-2022**

Please be advised that the Campus' Administration has been working closely with the Ministry of Health & Wellness regarding entry/re-entry to Jamaica for our students who are nationals of Trinidad & Tobago, who because of their programme of study having a face-to-face component during Semester One are required to be physically on Campus. In this regard, we have provided the Ministry with a list of our students who are nationals of Trinidad & Tobago in order for their application to enter/re-enter Jamaica to be processed in a timely manner.

Despite this list being provided to the Ministry, please note that if you are enrolled in a programme that has a face-to-face component you are required to apply for entry/re-entry into Jamaica through the Ministry's JamCovid-19 webpage. You may access the application form through <https://travelauth.visitjamaica.com/>

If you have any difficulties in submitting your application for entry/re-entry, please alert our International Office by email at isomona@uwimona.edu.jm
