Programme Note: Students taking double majors or major/minor combination which require the same course or courses (e.g. SOCI2008) cannot use these overlapping courses to satisfy the requirement for both major and minor. Appropriate substitute courses must be taken in order to fulfill the requirements of both Majors and Major/Minor combinations. For example, PSYC2000 cannot be counted for both the Psychology (Major) and Criminology (Minor).

There are some out-of-Faculty and non-psychology courses which may act as substitutes for the required courses in the Psychology Major. PSYC1005 & PSYC1006 are accepted as a substitute where SOCI1001: Introduction to Social Research is required. Please enquire with the Psychology Unit Office.

Students are also urged to check the relevant year of the handbook for additional programme and/or departmental requirements and guidelines.
