Attention: Mathematics Coordinator

The Mathematics Unit in the School of Education at The University of The West Indies will be hosting its annual Grade 9 Mathematics Problem Solving Competition on Thursday, April 12, 2018.

Your school is invited to participate in this competition by sending a team of four (4) grade nine students who will work together to solve three or four mathematical problems. The coach for the team should also attend the competition. Problems will be similar to the ones from the University of Waterloo Math Contest [http://www.cemc.uwaterloo.ca/contests/past_contests.html](http://www.cemc.uwaterloo.ca/contests/past_contests.html). In preparation for the competition we encourage your students to practise Grade 9 Pascal Contest questions, from all three sections.

The registration fee is six thousand dollars ($6,000.00) payable before or on the day of the competition. Cheques should be made payable to The University of the West Indies. However, registration closes on Thursday, March 29, 2018. You are encouraged to complete and return the enclosed registration form via fax 927-2502 or e-mail problemsolvingcompetition@gmail.com no later than Thursday, March 29, 2018.

The day begins with registration at 8:30 a.m. at the Assembly Hall. The Assembly Hall is accessible by entering the campus at the Post Office gate, it is the first left turn, then continue straight ahead passing the chapel, make a left, then it is then the immediate right turn. Enclosed is a draft copy of the activities for the day.

In the morning, a workshop for the teachers/coaches will be held while teams are in the competition. The day will culminate with the distribution of awards and trophies. Lunch will be provided during a one-hour lunch break for the teams and coaches.

For any further information you may contact Mrs. Corrine Fraser at problemsolvingcompetition@gmail.com or 935-8960.

We are enthusiastically looking forward to your school’s participation.

Yours truly,

A. McCarthy-Curvin
